TRACK BUDGETS &  
GENERATE REPORTS

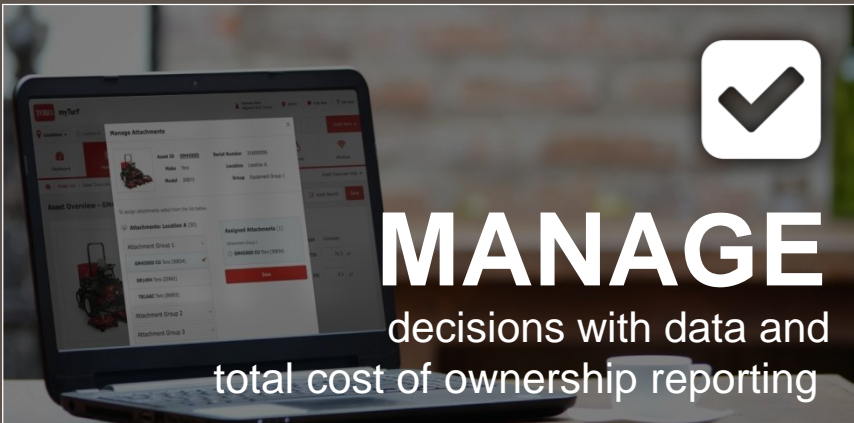

## CONNECT

assets and maintenance programs to maximize efficiency

## MANAGE

decisions with data and total cost of ownership reporting

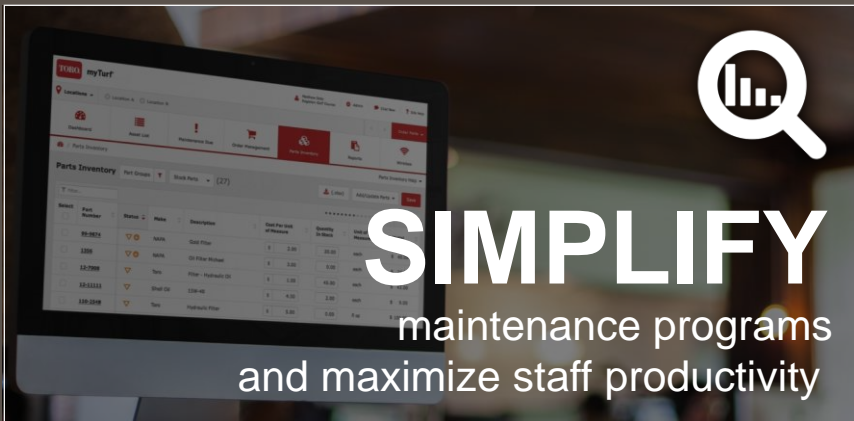

## MAINTAIN

budgets, equipment health and performance

## SIMPLIFY

maintenance programs and maximize staff productivity

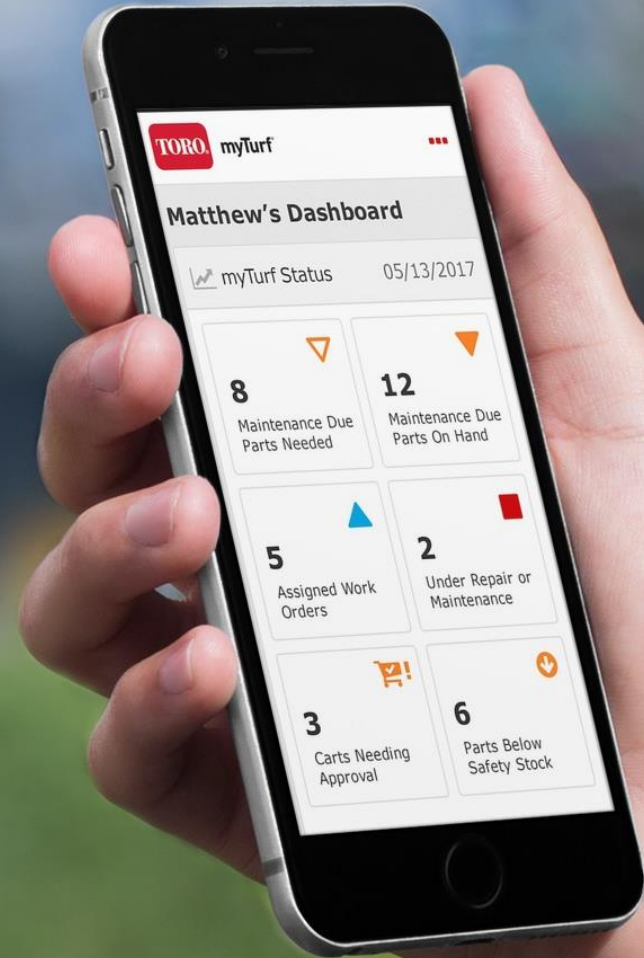

# CONNECT

Capture, combine and access Equipment and Irrigation information on a mobile-enabled, real-time Web-based platform. Track utilization data through Internet-connectivity of Toro and non-Toro equipment.

TORO.

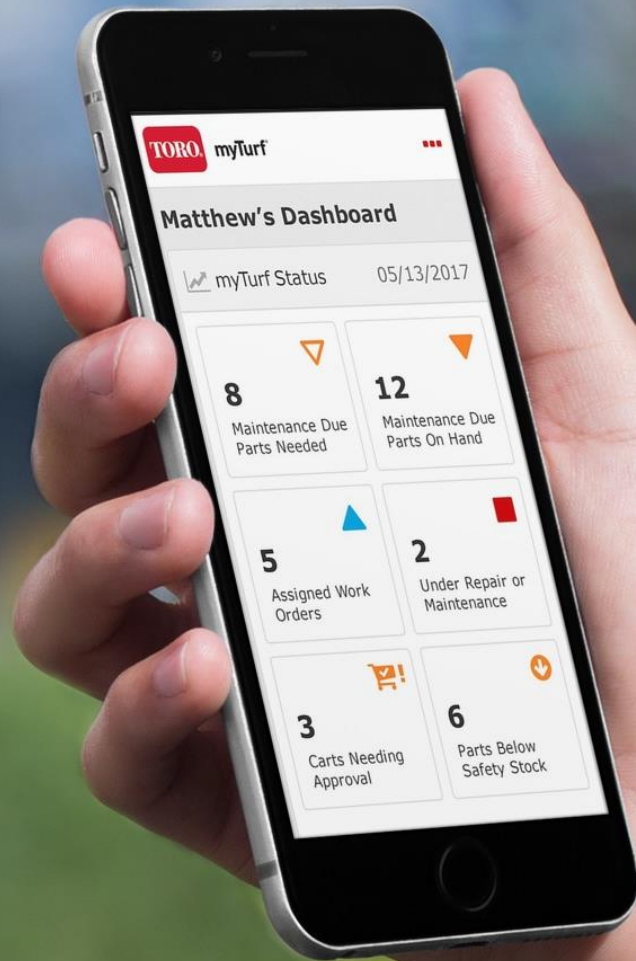

myTurf® Pro

# CONNECT

- Web-based, Multi-lingual Interface
- Equipment Connectivity to track Operation
- Up-to-date Toro Data & Information
- Mobile-enabled, Responsive Design
- Platform for Future Connected Products

# MANAGE

Customizable tools deliver interactive alerts, automated/proactive notifications, labor management and expense tracking, and instant access to mission-critical service documentation and operational reports.

# MANAGE

- One or more locations, seamlessly
- Equipment & their attachments
- Technician Labor Assignments
- Integrated Toro Equipment & Irrigation
- Parts, Lubricant, & Chemical Inventory

# MAINTAIN

Order parts, schedule service activities and routine maintenance tasks, track inventory, monitor fleet health and labor expenses or generate reports that demonstrate operational excellence, 24/7.

# MAINTAIN

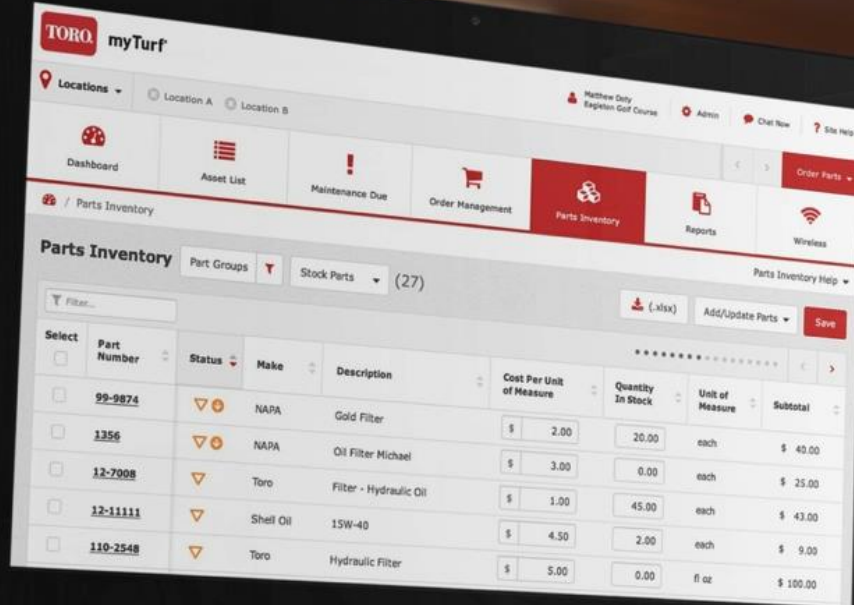

- Toro & non-Toro Products (*plus other assets*)
- Manage Scheduled Maintenance & Repairs
- Interactive Notifications for Maintenance & Parts
- Submit & Track Distributor Service Requests
- Notifications of New Service Bulletins

# SIMPLIFY

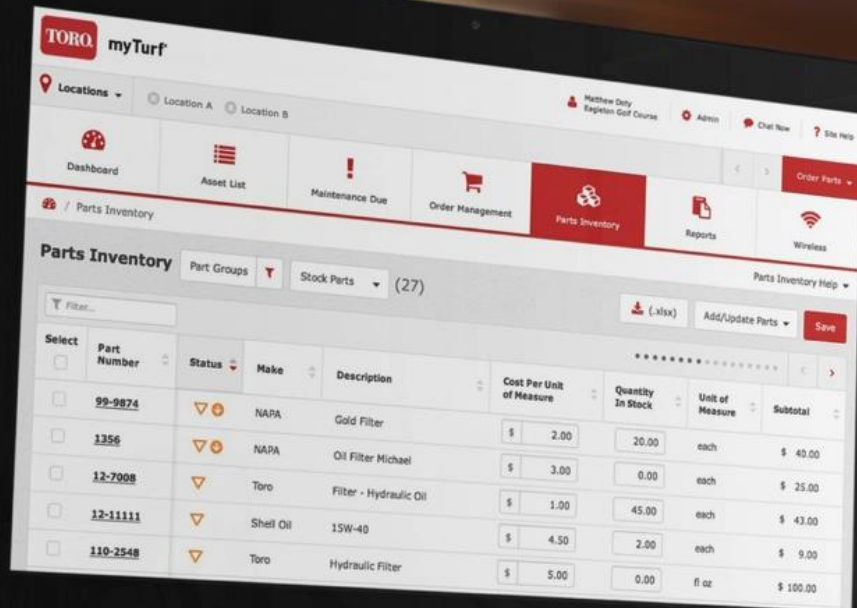

There's no other tool like it for Turf Professionals! myTurf® Pro was designed to make your difficult job easier. It puts the optimization, efficiency and effectiveness of your operations at your fingertips.

Select	Part Number	Status	Make	Description	Cost Per Unit of Measure	Quantity In Stock	Unit of Measure	Subtotal
<input type="checkbox"/>	99-9874	▼	NAPA	Gold Filter	\$ 2.00	20.00	each	\$ 40.00
